This bracket was designed to be used with Chevrolet double groove crank and water pump pulleys. The current G.M. part Numbers are 3744043 for the crank and 3995642 for the water pump.

If using alternator only, single groove pulleys may be used. The current G.M. part numbers are 3755820 for the crank and 3905995 for the water pump.

When installing the mount, start all bolts and mount the alternator before tightening.

(We use a belt length of 58 1/2-59\"/>

As with any part of this nature, make sure it fits your application before painting or plating. Parts that have been painted, plated, or modified may not be returned.
